### The Telephone Situation

There oppears to be considerable unrest among certain individuals as to what is being done about installing an independent telephone system for the north end of Utah county. That all may know the progress that we have made, this article is written. It phone system in our section, and to determine the probable cost; have our applications for franchises prepared and have no doubt of getting them, we visited the south end of the county and have the assurance of leading citizens that they favor the move: We have been in communicawith a number of cities and com. munitles that have independent systems and are so well satisfied from their replies that our system being so well located can be made a success, that we see no reason why we should not go shead. We need the support of all the people; large numbers are refusing to renew their contracts with the present telephone company and are ordering their phones removed as fast as their contracts expire which proves that the people are with

We have found by our investigations that we can install an up-todate system that will give us a better local service, at a cheaper rate, than we are now paying and at the same time save to our people thou-sands of dollars a year that are now going away.

The Provo Commercial Club passed

a resolution at a recent meeting op-posing a dual system. We are as much opposed to two systems as are We expect to supplant the present telephone system with an inde-pendent company formed from among our own home people, providing the public will give us the same loyal support in the future that has been given to us up to the present. It Provo does not care to join with us we can make the system profitable and successful without them, but before we are through Provo will be only too glad to take her part and will be as ready to praise the move of the proposed concrete road will run from Lehi to Santaquin and south from Santaquin to the Juab county line and will pass through Lehi, Am-

as they now are to oppose.

Springville has aiready cut away from the old company and are arranging to install their own system. Payson is practically isolated, as the toll system is in effect with them. If they make a call to Spanish Fork or Benjamin by name instead of number, it costs them 15 cents. We can expect the same after July 1st. In conclusion we ask you to be patient, we are doing all that can be done as fast

### Commercial Club Opposes

crup on the question of an indepen-dent telephone system for Utah county, which has been considered for some time by citizens in the north end of Utah county.

TRY

Whereas, information having been received by us to the effect that a movement is being agitated to promote and establish an independent tele-

is a big undertaking and requires Whereas, from past experience a careful consideration in order to avoid dual telephone system having been mistakes; we are in communication proven to be an economic waste and with large manufacturing companies an extra and unnecessary tax upon an extra and unnecessary tax upon subscribers, and a great inconveni-

ence to the public, therefore, be it Resolved, That the board of goverors of the Provo Commercial club record in the minutes of this meeting held this 28th day of May, 1915 its opposition to any contemplated movement for a dual telephone system in Provo, and that any such movement at this time will not receive the endorsement of this club.

PROVO COMMERCIAL CLUB. By J. C. Deal, President. Attest: Henry Nuttall, Secretary.

### Concrete Road Plan Proposed

Taxpayers Will be Asked to Vote Bond Issue to Finance Project.

A plan to issue twenty-year road bonds in Utah county for the construction of forty miles of concrete road extending north and south through the county will be placed before the caxpayers of the county within the lear future.

The plan sets forth the raising of \$500,000," said Richard R. Lyman of he state road commission, "and it has been estimated by the commission ers and road officials that this step will be less expensive than the present system for maintainence and up

line and will pass through Lehi, Am-erican Fork, Pleasant Grove, Provo, Springville, Spanish Fork, Salem and Payson. It is estimated the work can be done for \$500,000, or a little more than \$12,000 a mile. It is the plan of the county officials and officials of the cities of the county to present the proposition to the people to determine whether a special election to issue the bonds shall be called.

The meeting held at Provo Saturday at which the question was raised was attended by the commissioners of the county, representatives of the city councils of Provo, Payson, Spring ville, Pleasant Grove and Lehi, representatives of commencial clubs, and R. R. Lyman and E. R. Morgan, members of the state road commission.

Mr. Lyman and E. R. Morgan, state road engineer, will meet again with Utah County commissioners and Dual Telephone System the Provo city council next Monday to take up the matter of the special Provo, June 2.—The following reso-lution has been adopted by the board for the concrete road.

## Report of Fruit Conditions

Otto J. Poulson, Horticultural Inspector of Utah County, was in American Fork Thursday afternoon. He says the high wind Tuesday night blew off a good many cherries and other fruit. In his estimation, the frost did considerably more damage than many realize now: that the saiddu pur sured will be frost-scarred and odd shaped, while the skin will be rough. This will become more evident later in the year. The table given below is Mr. Lewiston, Utah. Poulson's official report, both to the county and state.

REPORT OF FRUIT CONDITIONS The following is a report of the fruit condition, to my best judgement, in the different towns of Utah County

	Peaches	Cherries	Apples	Pears	Apricots	Plums Prunes	Straw- berries	Rasp- berries	Currants Goose- berries

The little one-year-old baby girl of Mr and Mrs. John F. Moyle of Alpine, died Thursday night of whooping cough. There are several other cases in town and it is reported that none of them are under quarantine

Funeral services for the little baby will be held tomorrow at 3 o'clock at the residence of Patriarch Moyle.

AMERICAN FORK LOCALS INDIAN WAR VETERANS TO CHOOSE OUTING PLACE

In two weeks the Black Hawk War veterans' committee will meet in Springville and select a place for their annual outing. It should come to the north end of Utah county and one of these towns should make a bid. The report just issued shows that last year they had \$135.50 in the treas-ury. The expense of their outing and attending funerals of veterans \$61,22, leaving a balance now on hand

### Farmers Select Delegates

Farmers meetings were held in Pleasant Grove Tuesday Night , American Fork Wed. and Lehi Thursday night to elect delegates to a convention to Lake, are here visiting friends this be held in Provo June 19 at which a County organization will be formed. Prof. A. B. Ballentyne County Farm

demonstrator was present at each meeting and explained the purpose to be to form a county farmer's bur-eau information which will include representatives of the fruit growers, stockmen, farmers and business men. Its duty will be to take up all matters

of interest to all these interests.
R. D. Wadley was elected from Pleasant Grove, W. J. Chadwick from American Fork and F. A. Child from Lehi. Dr. R. J. Evans the state farm demonstrator was present at some of the meetings.

#### ELECTRIC RANGE EX PERT WILL RETURN.

Miss Mary Gray Marston, the noted New York electric range expert, who per Bldg. recently appeared in this city in a series of interesting exhibitions of electric range cooking, is to return FOR SALE CHEAP-Good six hole shortly for a second appearance, un-der arrangements completed by the Leiter, Lehi. cook stove with boiler. Mrs. C. inches; sent postpaid to be the Leiter, Lehi. cook stove with boiler. Mrs. C. inches; sent postpaid

Few events that have transpired here the past year or so have so greatly interested the housewives, as Miss Marston's recent exhibitions of cooking with an electric range. The Utah Power & Light company have bought Miss Marston from New York for the purpose of illustrating to the housewives of Utah the very latest methods of "cooking by wire," as the use of an electric range and other electric cooking appliances is often termed.

The company reports that so many requests have been received, asking that the women of this vicinity be given another opportunity of witnessing Miss Marston's exhibitions and methods of cooking with electricity, that arrangements are now being completed for her return at an early

Meanwhile the company reports a very heavy business in the sale of electric ranges.

# Stationery Printed For All.

Farmers and townspeople all over the country are rapidly adopting the new policy of using writing paper and envelopes with their names and addresses neatly printed thereon.

It has many advantages. It adds dignity to correspondence and prevents the numerous errors in the spel, ling of names, insures correctness of address and guarantees the prompt return of your letter in event of nondelivery. Also a prompt reply in case you fail to sign your name. It is no more expensive than the

buying of stationery in small lots in the old way, and adds a distinctive air of respectability and refinement to every home.

It is a good thing, and has come to stay-and grow.

On Saturday, June 26th, we will make a special price for all who wish a small amount of stationery. We will print you one hundred letter heads and 100 envelopes with name and address on for \$1.00.

Bring in your order and the cash
